Dear Chester Ronning School families,

This afternoon, we have received notice from Alberta Health Services over the weekend that a person connected to our Grade 4 classes has tested positive for COVID-19. Those in the impacted class have been contacted directly and, if you did not receive a separate notification, we do not believe that your child is at risk of exposure to COVID-19.

It is possible there are other people connected to our school who also have COVID, but AHS has made us aware that this person was at school last week during a time they likely were infectious.

No-one from the school is required to quarantine as a result of these cases, but we wanted you to be aware of the information. We would also like to express our appreciation to everyone who takes the time to conduct the Daily Checklist and ensure children who are not feeling well stay at home. You can find the checklist here:

Thank you for your support.

Sincerely,
