Hello Chester Ronning School families.

We are pleased to inform our school community that our shipment of masks and rapid test kits arrived yesterday and has been distributed to students today, unless parents completed the Google Form to decline their items that was sent out a couple of weeks ago. If you missed the opportunity to decline and did not wish to receive masks and a testing kit for your child, please return them to the school on Monday.

The government has specified that the single box of rapid test kits is considered to be a 2.5 week supply, based on administering two tests per week. Families can decide whether to use them regularly for asymptomatic testing or to save them for if/when symptoms develop. This video may be helpful in helping to use the testing kit:

As always, we thank you for continuing to use the [Alberta Health Daily Checklist](#). Please don't hesitate to call the school if you have any questions.

Take good care

Sincerely,

Reid Lansing, Principal

Nathan Pederson, Assistant Principal
