

# Augustana Vikings Hockey Hooky Game

The University of Alberta Augustana Campus Vikings are hosting a hockey hooky game of their own on Wednesday, January 24th, when they host a university all-star team from South Korea! Chester Ronning School is excited about the opportunity to support our community's collegiate players!

The University of Alberta Augustana Athletics Department is generously providing tickets to the game for every student whose class can attend. CRS is excited to provide this experience for Grade 3-5 classes. This event is expected to be somewhat smaller and quieter than the hockey game we attended in October but our teachers will still be very considerate of students who may benefit from sensory-friendly and/or accessible seating. Please connect with your child's classroom teacher if you want to ensure that these options will be provided for your child.

The puck drops at noon in the Encana Arena, so we will begin walking over to the Camrose Recreation Centre at approximately 11:30 am after the students eat an early lunch.

**Please do not send money to the game with your child.** Due to the popularity of these events, the concession lines tend to be extremely long and we would much rather that students enjoy the game rather than spend too much time standing in line at the concession. If necessary, please consider sending a small afternoon snack that your child can carry to the game in their coat pocket.

College hockey games typically take around 2.5 hours so this event will likely take the duration of the afternoon and we will ensure that students are back at the school for their normal dismissal time. If some students will benefit from leaving the game before it is over, we will have staff available to support those accommodations. **We do not want any students to be picked up at the arena.**

Please complete the online consent form before 11:00 am on January 23 so that you child can attend this event.

Yours in Education (and Hockey!),

CRS Administration
