

Chester Ronning Parent Council

Chester Ronning Parent Council has teamed up with the school to bring back FitSet Ninja on Thursday May 23rd. This fun activity was made possible by combining our Alberta School Engagement Grant and fundraising dollars from hot lunches. As stated in the previous parent letter there will be no charge to students.

One of the intentions of the School Engagement Grant is to broaden school activities that involve parents including by providing resources and workshops on important topics such as mental health and well being. The well being of our students is a top priority and we invite you to watch the following video on how exercise and obstacle courses such as FitSet Ninja can be of benefit to our children. **Please contact your student's teacher or the school to find out how you can volunteer with your child's classroom for this event as well as other volunteer opportunities.**

We also invite you to attend our next Parent Council Meeting on Thursday May 30th at 8:45am in the school office.

Sincerely,

Parent Council
